NOTES ON SIZING

The above pattern pieces are given in centimeters. For other sizes, please adjust the pattern pieces as indicated on the templates to fit you. You can also add as much extra length to the hem and sleeve as you like. You will also need to add extra length to the neckline and all the shoulder line, depending on your sewing machine. So for size 12-16, add an extra 20-30cm for size 18-24, add an extra 15-20cm for size 26-32, and an extra 20-30cm. Check the ease of your measurements, making sure that the top will accommodate your bust and hip measurements. If in doubt, use a little extra length using spare fabric. The amount of fabric you will need will vary depending on how you prepare your template pieces.
