

Exclusive! Free picture mount

MOUNT
YOUR
STITCHING

In honour of Her Majesty the Queen's 90th birthday, we've giving you this easy-to-use picture mount, inspired by Balmoral Castle and perfect to set off your regal All Our Yesterdays stitching!

Enjoy the chart motif FREE with our issue 243, July 2016, on sale 24 May

Created for The World of Cross Stitching by Faye Whittaker

How to...

use your picture mount

1. Print out the picture mount, making sure that you print at 100%. Do not resize, or 'print to fit' since this will affect the size of the mount and your finished stitching won't fit the aperture!
2. Carefully trim the mount to size – a ruler, craft mat and craft knife will ensure a crisp finish. Then cut out the aperture, taking care to cut on the outside edge of the dotted line so the printed outline and white shape don't ruin the overall effect of the mount.
3. Wash and press your finished stitching for a clean, neat result and use strong double-sided tape to mount it in place behind the aperture.
4. Cut a piece of stiff card the same size as the picture mount, using this to back the mount and your stitching. Frame for a perfect finish.
