01 Start by warping the loom. To do this, tie the string to one end of the loom. **Hook the string** up around the first peg and bring it down to the next. Do this along the whole width of the loom, as

shown. Tie the string to the end of the loom to secure.

02 To start weaving, use the shuttle stick and weave it under and over the alternating threads. Thread the needle with

approximately 40cm (15¾") of red yarn and pull the needle through the gap that's been created, leaving a 3-4cm (1¼-1½") yarn tail **at the end**. Gently push the yarn down into a line

using the shuttle stick. Now weave the yarn through in the opposite direction, weaving under and over the threads. Repeat this process for four rows. Thread the yarn tail into the back

Thank you for making this project from *Mollie Makes*. We have requested specific permission from designers so that you can recreate and sell selected projects from this issue on the following conditions. Just look for this icon. You can individually hand-make as many as you wish of our labelled projects, to sell either for yourself, your local event or to raise money for charity. You cannot sell in shops (online or otherwise) and you cannot go into mass production, which means you cannot manufacture in large quantities, especially by machine. Selling photocopies of any part of this magazine, its kits or supplements is prohibited. We don't mind if you make a copy of the templates for a friend but please do not make any part of the templates or instructions available to others through your website or a third party website, or copy it multiple times without our permission.
