

TEMPLATES ISSUE 5 LINEN GADGET COSY Charlie Moorby

HOW TO MAKE:

⁽¹⁾ First trace the templates of the bird (or petals), the rectangle and the tab onto Bondaweb (making sure they're close enough together to fit onto your piece of patterned fabric). Then cut around the shapes so you're left with the pieces all backed with Bondaweb.

⁽²⁾ Now start on the main part of the case by cutting two rectangles from linen. Peel the Bondaweb paper off the back of the rectangle and iron in place about 2cm down from the top edge of your line.

Repeat with the second piece of linen but without the patterned rectangle. These folded edged will stiffen and support the top of your gadget case so it will last longer.

⁽²⁾ Peel the Bondaweb paper off the back of the bird and attach to the front of your linen case (the side with the red strip).

⁽⁶⁾ Add a few stitches with plain red cotton to create a branch effect and sew the button to the top of your case.

⁽²⁾ Pin the right sides together (making sure the two stiff edges are at the top) and hand-stitch all the way around the edge using a backstitch so it's nice and tight. (You can use a sewing machine if you like, but it's easier to keep it neat on this scale if you do it by hand.)

Decide which gadget to put in your cosy and you're ready to go!
